**Announcement.**

We are authorized to announce  
HARVEY JOBE, JR.,  
as a candidate for County Judge subject to the action of the Democratic Primary.

I hereby announce myself a candidate for the office of County Judge of Lawrence county, subject to the action of the Democratic party.

W. H. WOODS.

We are authorized to announce ALONZO L. BURTON as a candidate for Jailer, subject to the action of the Republican party.

We are authorized to announce DAVID SHORT as a candidate for Jailer of Lawrence county, subject to the action of the Democratic party.

We are authorized to announce M. G. THOMPSON as a candidate for Sheriff of Lawrence county, subject to the action of the Democratic party.

We are authorized to announce JOHN A. COMPTON as a candidate for Magistrate in the district composed of the Fallsburg and Bear Creek precincts, subject to the action of the Democratic party.

The cost of living has increased more than the wages of the workingman under the enormous tariff now in existence.

The most inconsistent and dangerous policy ever thrust upon this country is that used as to the Philippines Islands.

The Interstate Commerce Commission has issued a report showing the number of casualties to persons on railroads in the United States for the fiscal year ending June 30, 1904, to be 55,130. Of this number 3,787 were killed. The total number of collision and derailments was 11,291.

Henry G. Davis ended his whirlwind campaign through West Virginia Wednesday night at Wayne. During the trip he traveled 1,300 miles and spoke in seventy-eight cities and towns. Mr. Davis expresses the belief that the State will go Democratic and says such is the opinion of the party leaders.

If there are any Democrats in Lawrence county who do not appreciate the importance of this campaign, it is time they were awakening to the situation. Vital issues are at stake and the national races are the only chances you have to vote on these things. Go to the polls and see that your Democratic neighbors go also.

We have already spent \$637,000,000 in the Philippines, or nearly \$80 each for every man, woman and child on the islands. Before Roosevelt gets through experimenting they will cost us twice that amount. Would it not be cheaper, not to say more humane, to give the little brown creatures their freedom and let them hustle for themselves?

There has never been a presidential campaign in which there was more absence of "scare." The Republican politicians are not able to work up the slightest apprehension over a change of administration. There could be no better evidence of Mr. Parker's standing than this. He is recognized as able, conservative, desirable timber for the Presidency. It is a rare case of this high office seeking the man.

The Ashland Daily Independent and other esteemed exchanges will please quit calling T. W. Morrison, the alleged swindler, a "Big Sandyite." He never saw Big Sandy until a few months ago, when the Standard Oil Company sent him here as a

driller. Though not as wicked as some other sections of country, we have sins and sinners enough of our own, the Lord knows, without adopting all the foreigners that come along doing evil. Call this renegade a Pennsylvanian, for instance.

Judge Parker's career has been thus fittingly described by Judge Vasm, one of his associates on the Appellate Bench: "His entire judicial career shows power, modesty, learning, strength of character, independence, conservatism, soberness of view, and every step of his judicial life, has reflected honor and dignity upon the position he fills."

It is not easy to get excited over the tariff, but when the head of every family in Kentucky realizes that he digs down his pocket every year for \$94, which goes to the protected trusts, he may stir up and take a little notice. If a burglar were to relieve him of one-tenth of the sum he would set up a howl for the police that could be heard in the remotest regions of the frozen North, even overtaking Kurokotkin, the speed marvel. But say "tariff" to him and he will go to sleep.

Pierpoint Morgan is strong for Mr. Roosevelt. He says he believes the country will go to the devil in a hand basket if the Rough Rider is not elected. Under the sacred protective tariff steel rails sell in this country for \$28 a ton, while the same rails sell in foreign markets for \$18 to \$22 a ton. Morgan was the organizer of the steel trust and this discrimination of the tariff has made him millions. Naturally he is for Roosevelt and for the perpetuity of a policy that will continue to enrich him.

**What Bryan Says.**

"On the labor question I want you laboring men to know that Judge Parker, in his speech of acceptance has pointed to and condemned the action of Gov. Peabody in Colorado in deporting men without indictment, without trial and without evidence. Why does not Theodore Roosevelt discuss the Colorado situation? Why doesn't he denounce these methods of governing laboring men with out a constitution? Do you want to know why? Because in the Philippine Islands he is governing 8,000,000 Filipinos by the same laws Gov. Peabody is applying to laboring men. That is the reason. I want to ask you what laboring man can criticise Peabody in Colorado if he votes for Roosevelt, who is committed to the same thing 7,000 miles away? What right has a laboring man in this country to demand a constitution for himself if he will take it away from a Filipino? The Filipino needs the constitution more than I do. I can vote for congressman, senator, and for president, and if one of these men does not treat me well I can go out and defeat him if he comes up for re-election. I have that power of voting, and it is a power that gives me protection to some extent, even though we had no constitution. But the Filipino has no congressman, he has no voice in the election of the president, and no matter what is done he has no redress. And yet here are laboring men who four years ago voted for imperialism and voted to fasten upon 8,000,000 of people, helpless Filipinos, the same damnable doctrine that you now complain of when in Colorado it is forced against the laboring man. A blow against constitutional liberty anywhere is a blow against constitutional liberty everywhere."

## B. F. THOMAS

Resigns Government Position  
to Accept a Better  
One.

The NEWS regretfully announces  
that resident engineer B. F. Thomas,  
in charge of the improvement of the  
Big Sandy river, has resigned his  
responsible position and will leave Lou-  
isa about November 1. The news of  
his resignation and subsequent removal  
comes as a distinct and very un-  
welcome surprise to the citizens of  
Louisa. For several weeks Mr. Thom-  
as had been considering a proposi-  
tion from the State of New York to  
go there and design about eight  
movable dams for the Mohawk and  
Hudson rivers as part of the \$101,-  
000,000 canal now being built by the  
State from Albany to Buffalo. He  
has also had under consideration prop-  
ositions from the Sheridan-Kirk Con-  
tract Company to become their chief  
engineer, with headquarters at Cin-  
cinnati. This company has very  
large contracts on river work in Al-  
abama, Ohio, West Virginia and Ken-  
tucky. The immediate work for which  
Mr. Thomas is wanted is the construc-  
tion of lock and dam No. 37 in the  
Ohio river just below Cincinnati.  
It is calculated that the work will  
require four or five years. The Com-  
pany is also taking new contracts  
every year, so that acceptance of the  
company's offer means permanent  
employment. Mr. Thomas has accept-  
ed this offer and signed a contract  
for five years at a salary much greater  
than the one he is now receiving  
from the government. The pay is  
liberal but no more than the  
offer means permanent  
employment. Mr. Thomas has accepted
